

MARSHALLING YARD PROCEDURE

CTICC Marshalling Yards are for loading and off-loading deliveries only. Due to space constraints drivers will not be permitted to leave their vehicles in the area before or after loading or off-loading. All vehicles will be required to adhere to a registration and accreditation process before entering any CTICC Marshalling Yards.

The CTICC is mandated by the City of Cape Town's Traffic Department to manage the flow of traffic in and around CTICC 1 and CTICC 2. The registration process will eliminate traffic jams that are a result of event build-ups and breakdowns if not managed properly.

A load-in and load-out time period for small vehicles with a height of 2.1m is one-and-a-half hours (1½hrs), and the load-in and load-out time period for trucks exceeding the height of 2.1m is three-and-a-half hours (3½hrs). Vehicles exceeding the time limit are subject to a parking fee (please refer to the CTICC's Marshalling Yard tariffs below). Unattended vehicles will be clamped and an unclamping fee of R500.00 will be applicable.

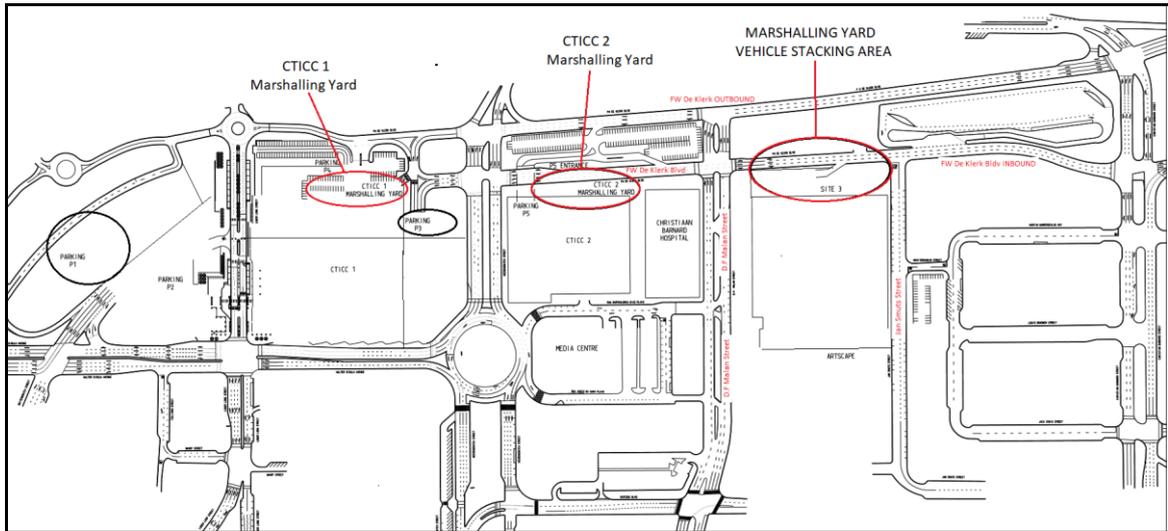

Please follow the step-by-step registration and accreditation process below.

Registration and accreditation for CTICC Marshalling Yard access

1. All vehicle drivers are to present their South African Identity Document to register at the Marshalling Yard Vehicle Stacking Area, located in FW De Klerk Boulevard. The driver and vehicle will be registered and accredited on arrival at this area.
2. A Marshalling Yard Vehicle Stacking Area disc will be provided to the driver once registration and accreditation is completed. On completion of the registration and accreditation process, the driver can proceed to either CTICC 1 or CTICC 2 Marshalling Yards.
3. On arrival at the Marshalling Yard, the disc needs to be presented and given to the on-duty CTICC security guard or parking attendant.
4. Once access is granted to the Marshalling Yard, the vehicle can load or off-load goods and merchandise. On completion, the vehicle must be removed from the Marshalling Yard but can access the CTICC's P1 parking area. A free build-up and break-down parking ticket will be issued at the organiser's officer. Note: vehicles with a height of less than 2.1m will be able to access the P1 parking area; vehicles with a height of more than 2.1m may park their vehicles at the CTICC Marshalling Yard Stacking Area.
5. Please note: there is no set time during the day for the accreditation and registration of
